Taiwan Tech
School of Management

Assistant/Associate Professor in Management Undergraduate Program, National Taiwan University of Science and Technology (starting February 2022)

Job Description

The Management Undergraduate Program (MUP) under the School of Management at National Taiwan University of Science & Technology (Taiwan Tech) is inviting applications for the position of a full-time faculty at the rank of Assistant/Associate Professor, starting on February 1st, 2022. The Management Undergraduate Program is characterized by a broad-based interdisciplinary curriculum and has finance and technology as two focus areas. The language of instruction at the MUP is English and Mandarin Chinese.

All appointees are expected to contribute to teaching excellence and to support our multidisciplinary program through courses covering the fields of information technology (including data science) and its applications in finance (such as fintech) and business (such as business analytics).
Applicants should have a PhD degree in Business or relevant discipline. Individuals with expertise in information and financial technology, digital transformation, financial measurement analytics, big data / business analytics are especially encouraged to apply. All appointees are expected to deliver courses in Chinese and English. Furthermore, at least one year of practical work experience in the industry by the date of recruitment is required.

Candidates with a sound publication record, professional qualifications, administrative and teaching experiences, and high proficiency in both English and Mandarin Chinese are preferred.

The rank and remuneration will be commensurate with qualifications and experience. Appointments will normally be made on a contract basis for one year commencing on February 1st, 2022, which, subject to demonstration of the requisite level of performance, may lead to a longer-term appointment later.

Key Duties and Responsibilities

The appointed candidate will be expected to:

- Develop and teach undergraduate courses in the above-mentioned fields
- Engage in innovative approaches to learning and teaching;
- Publish high quality research in leading economic journals;
- Participate in the supervision of special topic projects
- Perform administrative duties as assigned by the director of the program

Qualifications

- A PhD degree in Business or relevant discipline from an internationally recognized university
- Expertise in information technology, digital transformation, financial technology, financial measurement analysis, etc.
- Ability to teach in English and Mandarin Chinese
- At least one year of work experience in the industry by the date of recruitment
- Teaching experience at both the undergraduate and postgraduate levels (associate professor rank)
- Publications in leading economic journals (associate professor rank)

All enquiries about this position may be directed to Professor Jingjing Weng (email: jingjingweng@mail.ntust.edu.tw), Director of the MUP

Application Package

The application package* should include a cover letter indicating how you meet the selection criteria, teaching philosophy, courses taught, and a brief description of current/future research activities.

1. Curriculum Vitae
2. List of publications
3. A recent representative publication (published within the last five years)
4. Copy academic degree certificates of all levels and copies of transcripts of the master's and doctoral program
5. A list of courses that can be taught and the syllabus of these courses.
6. Proof of at least one year of work experience
7. Any other supporting documents that you deem relevant for the application.

*N.B.: The application materials sent to the SOM will not be returned regardless of whether the applicant passes the preliminary examination.

Deadline: **25 October 2021**

Application materials should be mailed to [Please mark "Application for Full-time Faculty in the School of Management" on the envelope cover] National Taiwan University of Science and Technology, School of Management, No. 43, Sec. 4, Keelung Road, Taipei City 10607, Taiwan.

About the Management Undergraduate Program

The Management Undergraduate Program (MUP), launched in 2018, is a program with a cross-departmental, multidisciplinary structure, that combines the expertise of the Graduate Institutes of Finance and Technology Management with courses from the Departments of Information

Management, Industrial Management and Business Administration. The cross-departmental design gives students a high degree of flexibility to choose between different concentrations relating to the two focus areas of finance and technology.

About the School of Management of Taiwan Tech

The School of Management has been offering a comprehensive range of undergraduate and postgraduate degree programs (BSc, BBA, MBA, MSc, EMBA, PhD) with around 2300 students, 13% of whom are international students. It comprises three departments, three graduate institutes, and three Business Administration programs. All programs of the School of Management are both AACSB and EQUIS accredited. The SOM has an extensive alumni networks in Taiwan in the Asian region.
